Dial Puller

CODE: LS-LKM1095

Just centre the cup over the dial, secure the allen screws and just a few strokes the weight removes the dial. The Dial Puller works on any pressed-on, or glued-on dials with minimum effort and damage. Also includes a steel dowel pin insert specifically created to press off LaGard dials.

New Adaptor for Dial Puller

CODE: LS-LKM1095ADP

This ring will allow you to press off or pull larger dials like the LaGard 1730 spyproof dial. Sold separately to fit old and new Lockmasters' dial pullers.

Safe Opening Tools

Carbide Safe Drilling Bit Assortment (26 piece)

LOCKMASTERS
INCORPORATED

CODE: LS-LM-CBDA

Includes 26 popular drill bits: Mr. Twister, Strong Arm, MP3, and Brute bits. 1/4" and 5/16" diameters. Comes in a sturdy plastic case. Includes the following:

- SA5/16X5 (4).
- MRT1/4X4C (8).
- MRT1/4X6C (4).
- SA1/4X4C (4).

Read Eze II Manipulation Aid - For Magnifying

LOCKMASTERS
INCORPORATED

CODE: LS-LM-1003RE

The Read Eze II provides the magnification required to enhance the smallest indications and reduces eye strain, making accurate readings much easier. The Magnifier includes a powerful LED light for help in low light situations. Kit includes: 2 types of stick on indicators. Hairline opening indexes that provide a finer point of reference than actual dial rings. Dial ring indicators that divide numbers within contact area in fourths. Contact point indicators and fractional graph paper. Magnetic magnifier with LED light, 20 indicator strips with contact point indicators, 3 pads of graph paper, 24 hairline indexes, instructions and carrying case.

Jack Hammer Punches - Punch Kit

LOCKMASTERS
INCORPORATED

CODE: LS-LM-JACK

Includes:

- "Quik-Change" Punch Handle.
- Punch Holder.
- 9" Pin Punch.
- 12" Pin Punch.
- 15" Pin Punch.
- 7" Chisel Punch.
- 9" Chisel Punch.

Helix Revolver Universal Drill Template

LOCKMASTERS
INCORPORATED

CODE: LS-LKMHELIX

This compact aluminium template attaches to the dial ring screw holes and rotates to provide an infinite number of precision drill points. The HELIX Revolver pioneers the practice of "code drilling" safe locks. The included code card provides an extensive list of drill point codes for practically every modern safe lock. Simply attach the HELIX Revolver to the dial ring screw holes, rotate the template to the number shown on the code chart and drill. Compatible with the Bullet, Magnum and Mini-Rig.

Pro-Amp™ Amplifier

LOCKMASTERS
INCORPORATED

CODE: LS-LKM1036AMP

A must have tool for all safe technicians. You can tune out distracting noises and hone in on the signals you are listening for. This unit is sensitive enough to "hear" time locks and distinguish the difference between fly pick-up and wheel rotation. The Pro-Amp has all the features desired by professional safe and vault technicians.

Safe Picks & Scopes

Boroscopes

HAWKEYE™ 17" Precision Boroscope Kit

LOCKMASTERS
INCORPORATED

CODE: LS-LKM1208C

Hawkeye 17" Standard Kit With Case

The Hawkeye 17 inch scope. Straight view probe is the slim line - only 4.20 mm in diameter. This kit has a built-in adjustable focusing eyepiece to allow for wider range of visual distances. A 42 field-of-view is achieved with the straight view probe. A rotating 90 direction-of-view is achieved by sliding a Slim Mirror Tube onto the scope. 4.80 mm diameter fits easily into a 1/4 in hole.

Kit Includes:

- 17" Adjustable Focus Straight View Probe.
- 17" Mirror tube.
- 1 - Mini-Maglite.
- 2 - AA batteries.

HAWKEYE™ 17" Precision Boroscope Kit - Limited Edition

LOCKMASTERS
INCORPORATED

CODE: LS-LKM1208LE

Hawkeye Limited Edition 17" Kit

The Limited Edition has the same great optics that you have come to expect from Hawkeye at a new lower price.

Kit Includes:

- 17" Straight view probe & 90 degree mirror sleeve.
- Mini-Mag power supply with one spare bulb.
- Fixed focus that is changeable in field with the tool and instructions supplied.
- Upgradeable to variable focus and/or Hawkeye hard side carrying case.
- Cardboard case with die-cut foam.
