

# Xhorse Key Cutting Machines

## CONDOR XC-MINI

Cut flat & laser vehicle keys. At an unmissable price.

### Built-in database

with accurate and detailed parameters of the most popular vehicle keys on the market.

You can also add your own key data to create a new entry in the database.

### User-friendly.

Condor Mini is equipped with a capacitive 7" touchscreen and an intuitive interface that allows you to easily search the **key database** and use your key machine.

### Flat & Laser Vehicle Keys

### Fast.

Your machine will boot instantly and quickly cut your customer's key

### Stay ahead.

You will receive regular online updates for your key machine and stay ahead of your competitors.

### Essential when your customer has lost all their keys.

Customer has lost their keys? With Condor Mini you can:

- **Use the built-in database** to search for your customer's vehicle make and model.
- **Cut by bitting.** You can search the database to select the correct key blank, key type and vehicle manufacturer before entering the cuts.
- **Find bitting.** You can use the database to find full bitting when some of the cuts are missing. Enter the known cuts to get all possible bittings.

**ONE-YEAR FREE  
INSTACODE LIVE  
when you buy the  
Condor Mini**

### Ideal for your van and small shop.

With a feather-like weight, you can use the Condor Mini for emergency calls and roadside jobs.
